Credits

OPTIONAL CREDITS AVAILABLE ON YACHT AND BOAT POLICIES

Diesel – If the vessel is equipped with a diesel engine a premium credit of 5% is allowed.

Loss Free Credit – A 5% credit applies if the insured owned a vessel and had no losses in the last two years.

A 10% credit applies if the insured owned a vessel, had Amica Marine Insurance and had no losses in the last three years.*

CO2 Credit – If a vessel is equipped with an automatic, built in fire extinguisher a premium credit of 5% is allowed.

Educational Credit – A 5% credit will apply to the entire policy premium, if the “principal operator” has completed an approved Marine Educational Program. Approved courses are those offered by the U.S. Coast Guard Auxiliary, the U.S. Power Squadron and any course approved by a state boating regulatory authority. Certificate of completion should be furnished. If the course was taken years ago, the insured may not be able to locate the certificate. In this situation, we can ask the insured to put something in writing or comments in this regard on the signed application would be enough.

Multi-Boat Credit – A 10% credit will be applied to the policy premium if two or more boats and/or yachts are insured with Amica.

All Perils Deductibles

YACHT AND BOAT POLICIES

The standard deductible for Yachts is based on the damage to your yacht (Section A) value.

The standard deductible for Boats is based on the combined value of boats and motors covered in Section I.

The following table lists the standard deductible for specific value ranges.

*Not available in Michigan

All Perils Deductibles (continued)

<u>VALUE RANGE</u>	<u>STANDARD DEDUCTIBLE</u>
\$250 - \$2,999	\$500
\$3,000 - \$10,000	\$500
\$10,001 and above	5% of value

For a premium credit the following optional deductibles are available.

<u>OPTION</u>	<u>CREDIT</u>
Standard Deductible X 2	15%
Standard Deductible X 3	20%
Standard Deductible X 4	25%

<u>HURRICANE DEDUCTIBLE OPTION</u>	<u>CREDIT</u>
Standard Deductible X 2	5%

The deductible credit applies only to the Section A premium on Yacht policies and the Section 1 premium on Boat policies.

For an additional premium the standard deductible may be halved. The premium charge is 40% of the amount reduced (Example: A \$500 standard deductible is reduced to \$250. The additional charge is \$100).

Deductibles apply to all coverages except Liability and Medical Payments.

Yacht trailers are subject to a \$25.00 deductible.

Personal effects are subject to a \$25.00 deductible.

A Standard Deductible will not apply in the event of a total loss. A Hurricane Deductible will apply in the event of a total loss resulting from a Hurricane.

Endorsements

OPTIONAL ENDORSEMENTS AVAILABLE ON YACHT AND BOAT POLICIES

PERSONAL EFFECTS COVERAGE (BOATS)

This covers item on board not needed to operate the vessel. (Example: Television, fishing poles, waters skis, etc.)

In order to be eligible for the Personal Effects endorsement a boat must have a lockable compartment.

The Yacht policy automatically provides a \$250 limit without charge while the Boat policy does not.

Higher limits are available for an additional premium.

Endorsements (continued)

REDUCED NAVIGATION CREDIT (YACHT POLICIES)

A premium credit of 3% will be allowed for less than six months navigation (on charts providing 6 to 8 month navigation) and less than ten months navigation (on charts providing 10 to 12 months navigation) is available.

EXTENDED NAVIGATION PERIOD (YACHT POLICIES)

An additional premium is charged when an insured wants to extend the navigation period beyond the eight months allowed. The additional premium is computed by applying 4% of the entire policy premium for each ½ month extension.

LAY UP CREDIT (YACHT POLICIES)

Definition – “Laid up and out of commission” is defined as stored in a safe berth, ashore or afloat, and not being used by the owner or by others.

A premium credit is allowed when the yacht is laid up during the selected navigation period. The premium credit is computed at 2% for each ½ month period.

To qualify, the “Damage To Your Yacht” valuation must be at least \$10,000 and the request for lay up credit must be received in writing no later than six months after Policy expiration.

There is a minimum return premium of \$15.00. The return premium applies only to the Section A premium.

SMALL BOAT AND MOTOR ENDORSEMENT (YACHT POLICIES)

This may be purchased when the insured has a dinghy or tender that he wishes to cover with a lower deductible than the one applicable to the yacht.

The deductible is \$25.00 when the value of the dinghy is \$1,000 and under and \$50.00 when the value is between \$1,001 and up to and including \$3,000.

PORT RISK (YACHT POLICIES)

A premium credit is allowed when the yacht is laid up and out of commission for the entire policy term. Reduce the premium as follows:

6-8 Month Navigation:	reduce premium by 36%
10-12 Month Navigation:	reduce premium by 60%

EXTENDED LAND TRANSPORTATION (YACHT POLICIES)

This coverage must be purchased when an insured transports the yacht over land in excess of 300 miles from its home port.

CHARTER ENDORSEMENT (YACHTS AND BOATS)

This endorsement must be purchased whenever an insured charts the vessel. The person who charts the vessel must be a qualified operator and an acquaintance of the insured.

Home Office approval is necessary.

The insured must carry Liability coverage.

Endorsements (continued)

SALT WATER EXTENSION ENDORSEMENT (BOAT POLICIES)

An additional premium of \$10 is charged when a boat is ordinarily used in fresh water and is to be navigated in salt water for a specific amount of time not to exceed two weeks.

MOTOR ONLY ENDORSEMENT (BOAT POLICIES)

Occasionally an insured with an older low valued boat powered by a new high valued motor may request coverage for only the motor. These requests should be forwarded to the Home Office for review. Accommodation can be made by listing only the motor on the policy and entering its age in the age code area. Instructions should be noted *SP/R Motor Only Endorsement.

POLICY AMENDMENT (YACHTS AND BOATS)

For rating situations involving multiple rating territories, refer to Home Office for calculation based on average exposure. Rating is accomplished by computing a new annual premium based on the trip destination. The current policy premium is then subtracted from this figure, producing an annual difference in premium. This difference in premium is then broken down into weeks or months to fit the situation.

UNINSURED BOATERS INSURANCE (YACHTS AND BOATS)

Insureds may purchase Uninsured Boaters coverage which pays all sums an insured is legally entitled to recover as damages from the owner or operator of an uninsured watercraft arising out of the ownership, maintenance or use of such watercraft.

HURRICANE DEDUCTIBLE (YACHTS AND BOATS)

A hurricane deductible will be applied in all Charts except Charts 8, 9, 10 and 11. The insured will receive a credit on the Hull and Motor premium. This deductible is not available in Charts 8, 9, 10 and 11.

Policy Changes

CHANGES TO POLICIES

Changes requiring premium adjustments shall be computed on a pro rata basis.

A \$6.00 minimum additional premium will be charged for changes after the policy inception date.

Arkansas
Amica Mutual Insurance Company
Personal Watercraft

Explanatory Memorandum

Effective June 1, 2008 new business and renewals, Amica will implement the following changes to our Personal Watercraft Manual:

1. We will revise the Chart or Territory factors. The chart currently applicable in Arkansas is Chart 9. Current and revised chart factors are displayed on Exhibit 1.
2. We will revise the factors associated with boat type. Current and revised boat type factors are displayed on Exhibit 2.

The statewide rate level impact associated with both these revisions is -21.5%. Exhibit 3 shows the calculation of our countrywide accident year indications. Indicated changes for both chart and boat types are calculated on Exhibit 4, Sheets 1 and 2, respectively.

In addition, Amica will implement the following changes to our General Rules for the Personal Watercraft Manual:

1. We will revise the minimum premium from \$35 to \$100. Currently, Amica offers one of the lowest minimum premiums. Our revised minimum premium was determined by reviewing the rating manuals of some of our competitors. We anticipate that this change will have a minimal impact on our rate level as the countrywide effect is only +0.4%.
2. We will introduce a multi-boat credit of 10%. This credit will apply to the total policy premium. A few of our competitors currently offer a multi-boat credit. In addition, Amica has implemented similar credits in other lines of insurance. We anticipate that this change will have a minimal impact on our rate level as the countrywide effect is only -0.7%.
3. We will introduce a 5% Hurricane Deductible credit. This credit will be applied if the policyholder has a Hurricane Deductible Endorsement attached to their policy. This endorsement will be mandatory in all charts except Charts 8, 9, 10 and 11.
4. We will revise the standard deductibles which vary by the value of the watercraft. For values less than \$3,000, the standard deductible has been revised from \$50 to \$500. For values \$3,000 to \$10,000, the standard deductible has been revised from \$100 to \$500. For values greater than \$10,000, the standard deductible has been revised from 1% of the value to 5% of the value. In addition, we revised the credits associated with optional higher deductibles.
5. Amica currently does not apply a deductible when a total loss occurs. We have revised this provision so that in the event of a total loss, a standard deductible will not apply. However, in the event of a total loss due to a hurricane, a hurricane deductible will apply.

The statewide rate level impact associated with all revisions is -15.2%.

All Perils Deductibles

YACHT AND BOAT POLICIES

The standard deductible for Yachts is based on the damage to your yacht (Section A) value.

The standard deductible for Boats is based on the combined value of boats and motors covered in Section I.

The following table lists the standard deductible for specific value ranges.

*Not available in Michigan

All Perils Deductibles (continued)

<u>VALUE RANGE</u>	<u>STANDARD DEDUCTIBLE</u>
\$250 - \$2,999	\$500

<u>HURRICANE DEDUCTIBLE OPTION</u>	<u>CREDIT</u>

REDUCED NAVIGATION CREDIT (YACHT POLICIES)

A premium credit of 3% will be allowed for less than six months navigation (on charts providing 6 to 8 month navigation) and less than ten months navigation (on charts providing 10 to 12 months navigation) is available.

EXTENDED NAVIGATION PERIOD (YACHT POLICIES)

An additional premium is charged when an insured wants to extend the navigation period beyond the eight months allowed. The additional premium is computed by applying 4% of the entire policy premium for each ½ month extension.

LAY UP CREDIT (YACHT POLICIES)

Definition – “Laid up and out of commission” is defined as stored in a safe berth, ashore or afloat, and not being used by the owner or by others.

A premium credit is allowed when the yacht is laid up during the selected navigation period. The premium credit is computed at 2% for each ½ month period.

To qualify, the “Damage To Your Yacht” valuation must be at least \$10,000 and the request for lay up credit must be received in writing no later than six months after Policy expiration.

There is a minimum return premium of \$15.00. The return premium applies only to the Section A premium.

MOTOR ONLY ENDORSEMENT (BOAT POLICIES)

Occasionally an insured with an older low valued boat powered by a new high valued motor may request coverage for only the motor. These requests should be forwarded to the Home Office for review. Accommodation can be made by listing only the motor on the policy and entering its age in the age code area. Instructions should be noted *SP/R Motor Only Endorsement.

POLICY AMENDMENT (YACHTS AND BOATS)

For rating situations involving multiple rating territories, refer to Home Office for calculation based on average exposure. Rating is accomplished by computing a new annual premium based on the trip destination. The current policy premium is then subtracted from this figure, producing an annual difference in premium. This difference in premium is then broken down into weeks or months to fit the situation.

UNINSURED BOATERS INSURANCE (YACHTS AND BOATS)

Insureds may purchase Uninsured Boaters coverage which pays all sums an insured is legally entitled to recover as damages from the owner or operator of an uninsured watercraft arising out of the ownership, maintenance or use of such watercraft.
